

## Proof of Technology Invitation

**Rational** software

### Collaborative Software Development Using IBM Rational Team Concert

**When?** One day **free of charge** session on **June 17, 2009** from 9:00 to 17:00

---

**Who?** Customers

---

**Where?** IBM Forum Brussels, Avenue du Bourget / Bourgetlaan 42, 1130 Brussels

---

**Why?** Imagine if you could:

- **Collaborate in real time in the context** of the work you are doing, especially in globally diverse environments
- Provide visibility into **accurate project health information** drawn directly from actual work
- Automate traceability and auditability by **managing artifacts and their relationships** across the lifecycle
- Provide **customizable process design and enactment** through rule-based process guidance

All this and more is enabled by IBM Rational Jazz technology. The first product to be built upon this innovative platform is IBM Rational Team Concert, a collaborative development environment that includes integrated source control, work item and build management. IBM Rational Team Concert enables software innovation through collaboration.

- **Real time, in-context team collaboration** - Make software development more automated, transparent and predictive
  - **"Think and work in unison"** - Integrated source control, work item and build management
  - **Assess real-time project health** - Capture data automatically and unobtrusively
  - **Automate best practices** - Leverage out-of-the-box or custom processes to accelerate team workflow
- 

Offered by the IBM TEC in partnership with:  **ASIST**  
LEADING APPLICATION DEVELOPMENT & INTEGRATION

**IBM**  
Technical Exploration Center

A Proof of Technology, PoT, is a **free of charge** workshop designed to give attendees a "deep dive" of the technology through demonstration, presentation, and hands on labs. An Exploration of Technology, EoT, is a complementary offering to the Proof of Technology program. EoTs are designed to give attendees a small "taste" of the technology through demonstration, presentation, and a high level discussion of the technology.
